

PROMAR[®] 400

*Now Available in
Low Sheen E/S*

PROMAR 400.

THE CONTRACTOR'S CHOICE FOR PERFORMANCE,
EFFICIENCY AND VALUE.

A PROVEN PERFORMER FOR COMMERCIAL INTERIORS.

PROMAR[®] 400

An easy solution for tight budgets.

When you're looking for an interior paint for commercial and institutional settings that won't compromise performance or profits, count on ProMar 400. This affordable, technologically – advanced coatings system is designed to increase your productivity and give your customers a tough finish.

EFFICIENT PROJECTS – LASTING RESULTS

At the jobsite, ProMar 400 applies quickly to turn jobs faster, which saves time and money. Plus, this coating delivers an even, uniform finish with the hide, scrubability, block, and burnish resistance that satisfies you and your customers to help you avoid callbacks.

ALL THE FORMULATIONS YOU NEED TO ACHIEVE EXPECTED RESULTS

ProMar 400 is available in Latex Flat, Low Sheen E/S, Eg-shel, Semi-Gloss and Gloss, as well as in Alkyd Semi-Gloss. The unique Latex Low Sheen E/S provides a more washable finish at a lower gloss level, while masking surface imperfections like a flat. ProMar 400 is suitable for drywall, masonry, plaster, metal, wood, wallboard and concrete.

INDUSTRY-LEADING INNOVATION, FROM A NAME YOU CAN TRUST

With ProMar 400 Interior Coatings System, you'll have a competitive advantage with the productivity and the performance you require at a reasonable price. For 140 years, Sherwin-Williams has provided contractors like you with the innovative products and services you need to build your business. And with 3300 stores and 1800 sales representatives across North America, personalized service is always available near your jobsite.
